
Klinisch-wissenschaftliche Veröffentlichungen

Wiemer J, Sonanini S. Peritonealdialyse – Katheter- und Bauchhöhlenprobleme. Nieren- und Hochdruckkrankheiten 48: 11-17, 2019

Lau T, **Wiemer J**, Cohen CD. Koma und Azidose – Genese „kristallklar“. Der Nephrologe 2016; 11: 350-352

Schneider CA, **Wiemer J**, Seibt-Meisch S, Brückner W, Amann K, Scherberich JE. Borrelia and nephropathy: Cryoglobulinaemic membranoproliferative glomerulonephritis responsive to doxycyclin in active Lyme disease. Clin Kidney J 2013; 6: 77-80

Scherberich JE, Kornmeier A, **Wiemer J**, Hentrich M, Kremer M, Amann K. Nephrotisches Syndrom, Niereninsuffizienz und Raumforderungen in Leber und Milz Der Nephrologe 2012; 7: 423-427

Wiemer J, Heemann U, Scherberich JE. Virusinfektionen nach Nierentransplantation. Der Bay Int 2007; 27: 295-305

Wiemer J, Winkler K, Baumstark M, März W, Scherberich JE. Influence of low molecular weight heparin compared to conventional heparin for anticoagulation during haemodialysis on low density lipoprotein subclasses. Nephrol Dial Transplant 2002; 17: 2231-2238

Wiemer J, Scherberich JE. Dialysat-Qualität – Einfluss auf Mikroinflammation und Erythropoietin (Epo)-Verbrauch bei Hämodialysepatienten Dialyse aktuell 1/2002, 22-23

Nockher WA, **Wiemer J**, Scherberich JE. Hemodialysis monocytopenia: differential sequestration kinetics of CD14+CD16+ and CD 14++ blood monocyte subsets. Clin Exp Immunol 2001; 123: 49-55

Wiemer J, Scherberich JE. When lipids increase in dialysis: the role of heparin. MMW Fortschr Med 1999; 141: 29-32

Schacherer C, Koops D, **Wiemer J**, Hartmann A, Weis M, Klepzig H, Zeiher AM, Olbrich HG. Extracellular matrix structure after heart transplantation. Int J Cardiol 1999; 68: 115-120

Weis M, Peter-Wolf W, Mazzilli N, Olbrich HG, Schacherer C, **Wiemer J**, Burger W, Hartmann A. Variations of segmental endothelium-dependent and endothelium-independent vasomotor tone after cardiac transplantation (qualitative changes in endothelial function). Am Heart J 1997; 134: 306-315

Wiemer J, Winkelmann BR, Beyersdorf F, Sarai K, Reifart N, Hofmann M, Klepzig H. Multiplicity of clinical symptoms and manifestations of unruptured aneurysms of the sinus of Valsalva – 3 case reports. Z Kardiol 1996; 85: 221-225

Scherberich JE, **Wiemer J**, Schoeppe W. Biochemical and immunological properties of urinary angiotensinase A and dipeptidylaminopeptidase IV. Their use as markers in patients with renal cell injury. Eur J Clin Chem Clin Biochem 1992; 30: 663-668

Scherberich JE, **Wiemer J**, Herzig C, Fischer P, Schoeppe W. Isolation and partial characterization of angiotensinase A and aminopeptidase M from urine and human kidney by lectin affinity chromatography and high-performance liquid chromatography. J Chromatogr 1990; 521: 279-289
